

Are you up for an academic challenge? Do you want to position yourself to be attractive to colleges? Are you interested in being around other intellectually curious students? Would you like to earn college credit for classes you take in high school?

If so, the IB program might be for you! Tri-County International Academy's International Baccalaureate (IB) program is a two-year program that offers juniors and seniors a challenging, college-prep curriculum. An IB education provides a competitive advantage with the college application process and preparation for collegiate-level classes. College-bound sophomores in Ashland, Holmes, and Wayne counties are eligible for enrollment for their junior and senior years.

For more information contact Victoria Birk at tesc_vbirk@tccsa.net or 330-345-4000 ext 3324.
