Geometry	1
Biology	1
American History	1
Fine Art	1
Phys. Ed.	.25
Electives	2
Total	7.25

All career and technical education programs follow the district’s policies of nondiscrimination on the basis of race, color, national origin, sex, and disability in all programs, services, activities, and employment. In addition, arrangements can be made to ensure that the lack of English language proficiency is not a barrier to admission or participation. Any students not completing the suggested sequence of courses for entrance to the career center programs will be given the opportunity to gain credit through free online courses.

Marketing & Recruiting

Programs at Loudonville High School will be highlighted during our scheduling process – usually in February and March. Advisory Period teachers explain the Agriculture and STEM Programs. The Job Training Program is covered specifically through the IEP process. Work Study is explained by Advisory Period teachers to eleventh (11) grade students. The students will work with their Advisory Teacher to construct their requests for the upcoming year.

Students may explore and apply for these programs online:

[Apply - Ashland County-West Holmes Career Center \(acwhcc.org\)](http://acwhcc.org)

All of Loudonville-Perrysville Exempted Village Schools students will be visit the Ashland County-West Holmes Career Center (ACWHCC) in 8th grade. Students see the labs and classrooms at the ACWHCC with presentations about which careers are available with each program. Students are given the opportunity to meet with current program students and instructors and ask questions.

Similarly, 10th grade students receive a presentation from the ACWHCC counselor explaining the programs and the process to apply to each program. The 10th graders will visit and explore up to three (3) programs during a scheduled day at the ACWHCC in November. After this visit, students may apply to their programs of interest with first choice, second choice, and third choice. The ACWHCC accepts application through February.

Admittance to Career Programs

Programs on Loudonville High School's campus will accept any student who meets the above criteria.

Programs at the ACWHCC accept all students who meet the above criteria. The State of Ohio requires students in the cosmetology program to complete a number of lab hours before they would become eligible to take the state board exam. The Animal & Veterinary Science also requires a number of lab hours to be eligible to take the state Veterinary Technician Exam. A pre-requisite for the lab is completion of high school biology.

Oversubscribed Programs

Programs at Loudonville High School do not have limits, as we are able to schedule staffing in advance of the school year. Our scheduling process, which includes schedule requests, concludes in May.

Programs at the ACWHCC currently accept a number of students from partner schools they serve. The number is distributed evenly, before allowing more students from a particular partner school to add students. Currently, the ACWHCC has advised us that the applications will be treated on a timely basis – priority is given to those who apply earliest.

Work Agreement

We offer all of our seniors who are in good standing for graduation the opportunity to leave our campus after completing classes that will accumulate a total of four (4) high school credits. One (1) credit for work is awarded to student who complete at least 120 documented work hours. Students have to be scheduled into five (5) full credits to be considered a full-time student at any Ohio Public School.

Application for the work agreement can be completed after guidance has determined that the student is in the required number of classes and that they will meet graduation requirements at the end of the school year. Students will complete the application (attached) with their signature, parent signature, and their employer signature.

Students receive information/marketing about the program during the preceding spring scheduling process.

For general information about these programs and others offered by Ashland County West Holmes Career Center, please contact:
